

THERM+ GEP 100

TWINWALL INSULATED EXHAUST SYSTEM FOR POWER GENERATORS

Version 1.0 / 2022

THERM+ GEP 100

TWINWALL INSULATED EXHAUST SYSTEM FOR POWER GENERATORS

diameters included

Ø 150
Ø 200
Ø 250
Ø 300
Ø 350
Ø 400

Heating & Power
Poujoulat
Chimney & Exhaust Solutions

THERM+ GEP 100
TWINWALL INSULATED EXHAUST SYSTEM
FOR POWER GENERATORS

parameter included

Manufacturer
Reference
Code
Material

resistance to condensate class
sootfire resistant
inner wall thickness
weight
min distance to combustible material
insulation density
temperature level
pressure level
corrosion resistance
insulating wool
inner wall steel grade

THERM+ GEP 100

TWINWALL INSULATED EXHAUST SYSTEM
FOR POWER GENERATORS
